Academic Misconduct

Title IX of the Civil Rights Act and the Violence Against Women Act

Title IX, et. al. is a federal law that prohibits sex discrimination in education.

Sex discrimination includes sexual harassment and sexual assault.

Wayne State University is committed to maintaining an environment that is safe and that supports the education and career advancement of our students. WSU has a zero tolerance policy for sexual harassment and sexual assault.

WSU's Sexual Harassment, Sexual Assault and Discrimination policies apply to all members of the University community-faculty, staff and students.

Federal law requires every university to review this information with its new students. We want to spend a few minutes today reviewing this with you.

Sexual assault is:

- **Any type of sexual activity that occurs when consent is not given or not freely given.**
- **Sexual assault is unwanted touching of a person's private areas.**
- **Sexual assault most commonly occurs between people who know each other.**

Domestic/relationship violence refers to a pattern of behavior in which one person attempts to control through threats or use of physical, sexual, verbal and/or psychological abuse. It is not limited to people who are married or dating. No one should be abused. You deserve to be in a relationship where you feel safe.

Acquaintance rape is rape by a non-stranger, who may be a friend. Most sexual assaults are committed by an acquaintance.

Sexual harassment is unwelcome sexual advances, or other unwelcome behavior of a sexual nature, and it interferes with an individual's work or performance in a course or program, and it creates a hostile or abusive educational environment.

What can you do?

A LOT!

We are all here to help you!

How to Obtain Routine and Emergency Services...

Call from -

- “Hard Wired” campus phones – last five digits (7-2222)
- Blue Light Phones – Emergency Button
- Cell Phones – please preprogram your cell phone now
 - ✓ if your cell phone area code is “313”
 - ✓ if your cell phone area code is not “313”

Call the Wayne State Police...Please **DO NOT** call 911 (and why)

WSUPD EMERGENCY # 313-577-2222

In the event you need Police, Fire, or Medical Assistance on, or near, the WSU campus...

Never, ever call 911.... why?

- 1) While the 911 system usually works well for large communities, it can be cumbersome, complicated and provide very little actual information to the responding police officer on the street.
- 2) The city of Detroit, with its financial difficulties, has approximately 1,800 FEWER police officers than it should have. Those officers on the street are very busy during their shifts, often time with more calls for service than there are DPD officers to respond to them
- 3) The AVERAGE Detroit Police Department response time to a “priority one” police run in the DPD Third Precinct (Wayne State area) is 21 minutes.
- 4) When you call WSUPD at **313-577-2222**, you are talking directly to the WSUPD Dispatcher who is physically dispatching the officers responding to your call for service. By staying on the line with the caller, the Dispatcher can continually update the responding officer right up to the time he/she actually arrives on scene.
- 5) The AVERAGE response time for WSUPD officers to (non-emergency) calls we receive **directly** is under 3 minutes. This is to any location in our 5 square mile area of responsibility.
- 6) The WSUPD response time to emergency calls for service is 90 seconds or less!**
- 7) However, we can not rapidly respond to your call if you do not call us directly. Remember call **313-577-2222** for rapid response to any situation where you need police, fire or medical assistance.

Personal Safety Awareness and Self Defense Classes at Wayne State

The federal Violence Against Women Act mandates that all new students and employees must be offered "primary prevention and awareness programs" that promote awareness of rape, acquaintance rape, domestic violence, dating violence, sexual assault and stalking. The following classes and seminars are available to all WSU students and staff.

Domestic and Dating Violence Seminars (one 90 minute session)

The Domestic Violence Seminar is a program designed to educate and increase awareness of domestic and dating violence. We will define domestic violence, talk about the cycle of violence, inform you about the law as it relates to domestic violence, provide resources, and discuss participant's questions. We will also promote awareness of the crime of rape, acquaintance rape, dating violence, sexual assault and stalking - all of which result from domestic violence situations.

Rape Aggression Defense - Basic (13 hours over four sessions)

Each class consists of four separate sessions that cover a variety of topics; including personal safety and safety awareness, physical defense techniques, and aggressive defense measures to be used as options, available to the woman who is attacked. Emphasis is placed on the proper way to deliver effective kicks, blocks and strikes as well as practical tactical ground fighting skills to free yourself and allow you to escape.

Rape Aggression Defense - Advanced (25 hours over four sessions)

This Advanced RAD class builds on techniques and strategies from the Basic RAD class. This program also covers more prone defense strategies, multiple subject encounters, and even low and diffused light simulation exercises.

Rape Aggression Defense – Weapons Defense for Women (eight hours – one session)

R.A.D. Systems Weapons Defense Program teaches participants realistic defensive strategies against an aggressor armed with an edged weapon or a firearm.

Resisting Aggression w/ Defense For Men (9 hours over three sessions)

Participants will have the opportunity to: raise their awareness of aggressive behavior, recognize how aggressive behavior impacts their lives, learn steps to avoid aggressive behavior, consider how they can be part of reducing aggression and violence, and practice hands-on self defense skills to resist and escape aggressive behavior directed toward them. This program is designed to empower participants to make safer choices when confronted with aggressive behavior.

The R.A.D. Keychain Defense Options (4 hour session - when combined with the Basic RAD program)

One of the only realistic and court-defensible impact weapons programs available to the general public. Realistic employment, combat effectiveness, "light impact" and fluid transactions are all part of this program. This course revolves around the Kubaton in conjunction with weapon enhanced physical skills

Rape Aggression Defense Aerosol Defense Options: (One four hour session) Covers all you need to know about the various chemical self defense sprays currently available. Class participants will learn the most realistic methods for accessing, deploying and assisting the aerosol defense option; and if it fails to work (and it may), learn the proven backup strategies needed for successful escape. R.A.D. Systems has conducted over 300 videotaped live test exposures to various aerosol defense products with a wide range of delivery systems. Stop believing a manufacturer's selling hype. We know what works and what doesn't through hands on experience.

Emergency Preparedness at Wayne State University

It describes a study to identify new targets for type 2 diabetes prevention and treatment, listing eligibility criteria: being 18-65 years old, not having diabetes, or having type 2 diabetes. It mentions 2 visits to the research center and \$275 compensation. Contact information is provided: Phone: (313) 577-2854 or email: diabetes.research@wayne.edu. The post has 2 likes, 0 dislikes, and 0 comments. The second activity is titled "DO YOU SPEAK SERBO-CROATIAN?" by the Institute of Gerontology, posted in 4 streams on May 10. It includes a map of Bosnia-Herzegovina, Croatia, and Serbia, with Sarajevo marked. The map also shows the Adriatic Sea and Italy. Below the map is the flag of Bosnia and Herzegovina. The text describes a study on "Syntax in the Brain" by Wayne State researchers, seeking participants aged 21-70 who are native speakers of Serbo-Croatian (or Bosnian/Croatian/Serbian). It offers monetary compensation and brain scans for a single 2-3 hour session. Contact information is provided: (313) 664-2646 or wsu.syntax.project@gmail.com. Active Shooter or Armed Intruder Incident at WSU –

Wayne State's continued desire to create a safe and secure campus has lead us to create a comprehensive curriculum of training interventions designed to help our students, faculty and staff understand what to do if there is a shooter on our campus. The WSUPD developed, in 2008, the nations first comprehensive on-line training seminar:

“Be Prepared: Surviving an Active Shooter Incident”

While the individual modules of the Active Shooter on Campus curriculum are focused on college campus scenarios, the information provided can be applied and used in any active shooter incident, regardless of location, industry, or business sector.

Currently available on Blackboard for all WSU students and their families.

“Be Prepared” Learning Modules

1. Defining an Active Shooter Incident
2. How To Survive An Active Shooter Incident
3. Reporting the incident to Police
4. Helping the Injured – (Basic First Aid Measures)
5. Police Response – (What to Expect and Not Expect from the Officers)
6. Follow-up

Hostage Incidents vs. Active Shooter Incidents – Both are High Risk situations that require a very different response to increase your survival chances

COUNSELING AND PSYCHOLOGICAL SERVICES (CAPS)

The future is “in-sight”---understand yourself,
build your dreams.

CAPS IS

- Here if your student needs to talk---about anything.

- Part of student services and is the university agency dedicated to provide counseling and psychological services to help students build and reach their goals for psychological health, personal well-being, and academic success.

Your son's or daughter's university experience can be an exciting time. It is an opportunity to make academic decisions, meet new friends, and explore career options

But, college students can experience a great number of stressful situations

CAPS is available to help your student cope with any issue they may need help with.

- ❑ academic performance problems
- ❑ stress management
- ❑ motivation
- ❑ self-esteem
- ❑ anxiety
- ❑ depression
- ❑ relationship concerns
- ❑ loss and adjustment to life changes

CAPS offers a variety of services to the University Community which include:

- **Free and confidential** personal, couples, and group counseling to registered Wayne State students
- Psychiatric services
- Case management
- Support/Educational groups
- Workshops/Educational activities
- Crisis intervention for students, faculty, and the university community
- Consultation and outreach to faculty, parents, and the university community in support of student welfare

Counseling

Talk to someone who will listen without criticism and keep what you say confidential
Help you to look at situations from different perspectives
It is more than talking to a friend – the time is all yours
Place to build coping skills

How to Access CAPS Services?

- Office Hours
 - 8:30AM – 5PM
- **Triage Hours**
 - M-F, 9AM-4PM
 - No appointment needed!
- 45-60 minutes
- Computer assessment & meeting with a counselor

Adjustment Process

- Even positive life changes can be stressful:
 - Increased responsibility
 - Managing time
 - Managing multiple responsibilities
 - Different surroundings and new relationships
 - Changing relationships with family and friends from home
 - Academic stress

Signs of Adjustment Difficulty:

- ❑ Sudden decline in academic performance
- ❑ Withdrawing from friends/activities
- ❑ Sadness, anger, hopelessness or guilt
- ❑ Sensitivity to criticism
- ❑ Poor concentration
- ❑ Lack of hygiene
- ❑ Changes in eating and sleeping
- ❑ Increased use of alcohol or drugs

Helpful Tips for Students

- Talk to other students or
- Join campus organizations and clubs
- Take care of yourself:
 - Time to rest
 - Eat balanced meals
 - Exercise
 - Develop a manageable schedule
 - Figure out optimal place and time of day to study
 - Avoid abusing alcohol and/or drugs
- Adjust your expectations if things are not working out as you planned
- Give yourself time to adjust
- Recognize that relationships take time to develop, so does getting comfortable with new surroundings
- Seek resources on campus

CAPS will consult with you about

- Talking to your student about using CAPS services.
- A sudden tragic event that impacts your student such as the unexpected death of a friend or loved one.
- Where your student can go for evaluations or medication reviews (if needed).
- General counseling and psychology questions.

You can request a consultation by:
